Dear Friends,

We're excited to once again offer bus transportation for blind, visually impaired, and physically challenged individuals traveling to the **Black Hills Regional Ski for Light** week-long event in **Deadwood, South Dakota**.

This unique program is more than just skiing—it's a confidence-building, empowering experience for participants who face daily mobility or vision challenges. Thanks to dedicated volunteers, generous donors, and **Arrow Stage Lines**, we're able to provide **round-trip bus transportation from Omaha to Deadwood** (with pick-up stops across Nebraska) at a very reasonable cost. Travelers from outside Nebraska are also welcome—just contact **Ward or Kathy** to discuss travel arrangements.

What is Ski for Light?

This inspiring winter event includes lodging, meals, equipment, lift tickets, entertainment, and in-town transportation for about **\$250** for the week (or about **\$100** with financial assistance).

Please note: financial aid for the event does **not** cover bus transportation, though fundraising has helped reduce travel costs in past years.

How to Reserve Your Bus Seat

Contact **Ward or Kathy** now to reserve your seat.

- **Overnight in Chadron:** includes a plated dinner.
- **Cost:** \$68 (double occupancy) or \$91 (single occupancy).
- The bus is wheelchair accessible.

Complete the **attached bus application form** ([or register online](#)) and send it with your payment to the address listed.
